NDTA INTERNATIONAL AWARDS LUNCHEON

On Friday, 24 September 2008, American Shipping & Logistics (ASL) Group, which includes U.S.-flag deep sea carrier American Roll-on Roll-off Carrier (ARC) and Department of Defense vehicle logistics provider American Auto Logistics (AAL), received the National Defense Transportation Association (NDTA) Corporate Distinguished Service Award at the 2008 Annual Forum & Expo in Reno, Nevada. Kevin Killoran, Vice President of Marketing for ARC, accepted the award on behalf of ASL Group.

The text of the award was as follows: "American Shipping & Logistics Group is receiving recognition for its outstanding support of U.S. Forces through the movement of POVs (privately owned vehicles) for our service members, changing its sea routes to expedite the movement of MRAPs (Mine Resistant Ambush Protected vehicles) and other military equipment, and for sponsoring the easel covers and directional and schedule posters at the Charleston Forum."

The award was presented by NDTA Chairman Raymond P. Ebeling and NDTA President & COO LTG Kenneth R. Wykle, U.S. Army (Ret). NDTA's objective is to support, conduct and assist programs of transportation education and scientific research and development. These activities are carried out in coordination with private, industrial, educational and government agencies, and designed to increase the effectiveness and efficiency of the nation's transportation industry to enable it to meet national security needs. The theme of the 2008 Forum was "The Global Enterprise-Transformation & Competition". For more information on NDTA, visit their website at www.ndtahq.com.
